LOOKBOOK 2024

We call it

Outdoor Living Perfected

and our clients live it every day.

We LOVE the patio, walkway, and fire pit! It's beautiful!
Truly a work of art. When the crew left, it looked like it had
been there for years. Your design is perfect for that space.

—CASEY AND KEYNA C.

Welcome to the World of Gasper

Hear Me Out

Each year we fill our publications with stunning photography of our favorite projects from recent years and the *2024 Landscape Design Lookbook* is no exception. This year, however, not only did we want to show you images of the many different types and levels of projects that we take on, but we also wanted to give you a sense of what it would be like to work with Gasper on your next project.

So, to that end, we have also included a sampling of **what our homeowners had to say** about working with us, in their own words. These mini testimonials come from unsolicited letters we are sent after projects are completed, online reviews, as well as direct interviews we conduct with our homeowners for quality control. As the owner, I have to admit there is nothing that makes me happier than to hear that our clients are beyond happy with our work.

Who knows? Maybe this time next year it will be **your home** being featured in our annual *LookBook*!

Bob Gasper

Chat Room

Gaspar designed and constructed a completely new multi-functional structure. Not only does it serve as an additional two-car garage, but as a pool pavilion as well, complete with a bathroom, a storage room, and an outdoor room for chat.

Gaspar Quality Construction Speaks Volumes

I feel most fortunate to have found Gaspar Landscaping, a reliable and detail-oriented company.

—JANE S.

Who is Gasper?

Sound Off

The Gasper family welcomes you to discover **the Gasper difference**. See why Gasper has earned the distinction of being the Delaware Valley's most exceptional landscape design-build company.

The origins of Gasper Landscape Design & Construction began in 1987 when owner Bob Gasper, a self-taught plant enthusiast and designer, landscaped his first home in Holland, PA, the results of which impressed many of his friends and neighbors. Soon more and more homeowners were hiring him to landscape their yards, and Gasper Landscape Design & Construction was created. Today, Bob oversees the entire Gasper organization, which includes the Landscape Construction division, a retail garden center and nursery, a nationally recognized casual furniture store, and a hardscape and building supply store. Keeping it in the family, Bob's wife, Paula, and their children, Dana and Bob, work and lend their expertise to the company's landscape and retail divisions.

The Gaspers pride themselves on their love of their family business and their accomplishments in becoming an award-winning and community-loved company. The Gasper family has created a team of sales designers, landscape designers and architects, seasoned craftsmen, carpenters, masons, and horticulturalists who continue to support Bob and Paula's original vision of delivering top-notch customer service and quality built landscapes.

HAVE **YOU** HEARD?

Gasper had everything all under one roof, which was important to us when choosing a contractor.

We both work and it minimized the number of contacts we had to deal with. I was able to make one phone call, instead of several. I did not have to find a Landscape Architect and an Interior designer.

—DIANA R.

Shop Talk

What is design-build?

A professional design-build firm like Gasper can provide its clients with creative design AND quality construction. Design-build firms have several advantages (which can save both time and money) over those that provide design services only. Design-build saves time because homeowners can streamline their projects with a single company instead of coordinating multiple companies. It saves money because the proposed project costs are known much earlier in the design process, allowing for value engineering of projects to avoid costly design revisions.

Do not think you will sacrifice design quality by choosing a design-build company. At Gasper, our team of professionally trained and accredited landscape designers and PA-licensed landscape architects have decades of experience with any style or size of landscape, hardscape, or carpentry project.

MEET THE GASPER FAMILY

Adults in the photo from left to right are Bob Gasper, Bob's wife Kelly Gasper, Paula Gasper, Bob Gasper, Dana Gasper and Dana's husband, Dave Mooney.

We value working with a family business.

—JOHN S.

HAVE **YOU**
HEARD?

Some people have buyer's remorse, but there isn't a day that goes by that we are not very happy with our decision to have the work done by Gasper.

—DAN H.

Talk of the Town

What type of work does Gasper do?

Love every inch of your yard while adding curb appeal and value to your property with beautiful landscape, hardscape, and carpentry designs by Gasper Landscape Design & Construction.

From beautiful patios and walkways to walls and masonry structures, such as fireplaces and outdoor kitchens, Gasper's masons and hardscape specialists employ both expertise and craftsmanship in creating outdoor spaces that will withstand the test of time.

Our team of experienced carpenters construct custom structures that are striking in appearance and purpose. Examples are pergolas, arbors, porches, decks, pool houses, and pavilions. Since all our structures are built in-house, there is no need to hire or coordinate multiple companies to get your entire project complete.

Speaking of Smaller Options ...

The size of your property or project is not an issue. Whether you desire a simple planting design or a comprehensive outdoor living space, we have a design option for you. Expect our staff to be creative, knowledgeable, and enthusiastic when we bring your outdoor vision to life.

Phenomenal Listeners

Introducing The Gasper Design Team

We are so pleased with the final results. **Matt VanSickel** was very pleasant to work with and he designed a beautiful backyard retreat for us. Nothing was too much trouble for him. We also have had many compliments on our beautifully designed front yard sidewalk. Matt was always available to us during the entire project and stopped in frequently. His enthusiasm for his work and his pleasant personality were so refreshing.

Our experience in working with the Gasper Team has been A-1- from **Bob, Chris & Lynn** to the outstanding team of **Nelson, Freddie** and **Alejandro** that created our patio and pool deck. Each person handles their job with the utmost professionalism.

—NANCY F.

John, please know that we are so happy that we have had the chance to work with you again. You truly care about your customers and do a fabulous job making sure everything is right from start to finish. Never once did you make me feel as though I was a bother when I called to check on things. I sincerely appreciated that. I admire your patience. I highly recommend you and Gasper to anyone that I talk with that is thinking about a patio project.

HAVE YOU HEARD?

WHAT CLIENTS SAY ABOUT GASPER DESIGNS

We were blown away by Gasper's design to create a 'courtyard' at the front door. It wasn't anything we would have come up with.

—GREG S.

Scan to see my project.

I really like what the Gasper designer (Nick) did in the front. There is always something blooming.

—JUDY F.

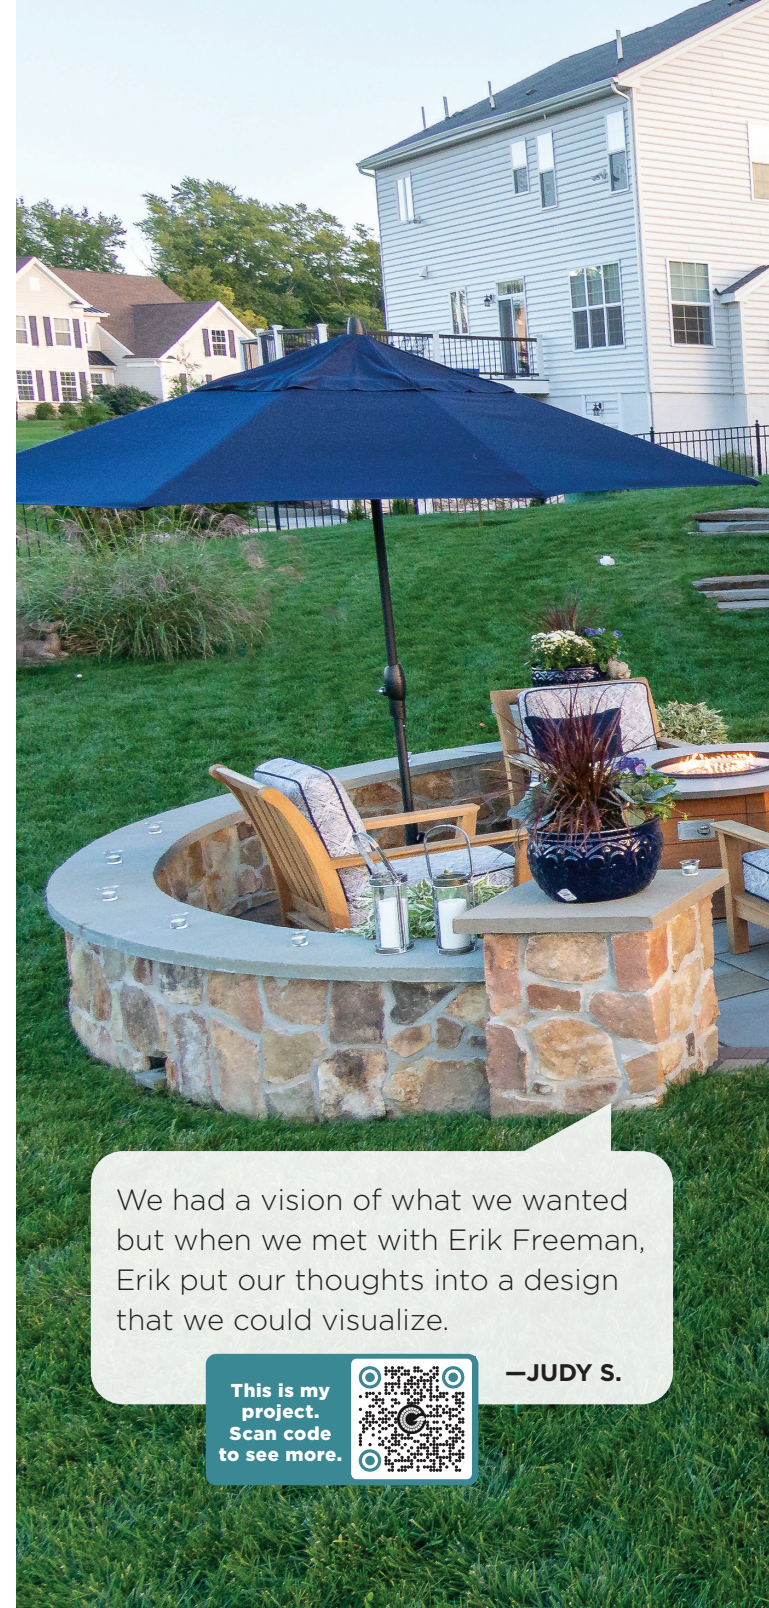

Scan to see my project.

Gasper's design process was what gave us confidence. The design solution was much more creative than the other rudimentary designs we had received. We could tell that the Gasper designer had given it a personal touch.

—MICHAEL G.

Scan to see my project.

We had a vision of what we wanted but when we met with Erik Freeman, Erik put our thoughts into a design that we could visualize.

—JUDY S.

This is my project. Scan code to see more.

HAVE **YOU** **HEARD?**

**WHAT CLIENTS
SAY ABOUT GASPER
3-D MODELS**

Scan to see my project.

I wouldn't have been able to conceptualize it, so the model was very helpful.

—SARAH B.

The model was a 3-D version of what the project would look like. It made it easy to see what it would look like and there weren't any surprises.

—DIANA R.

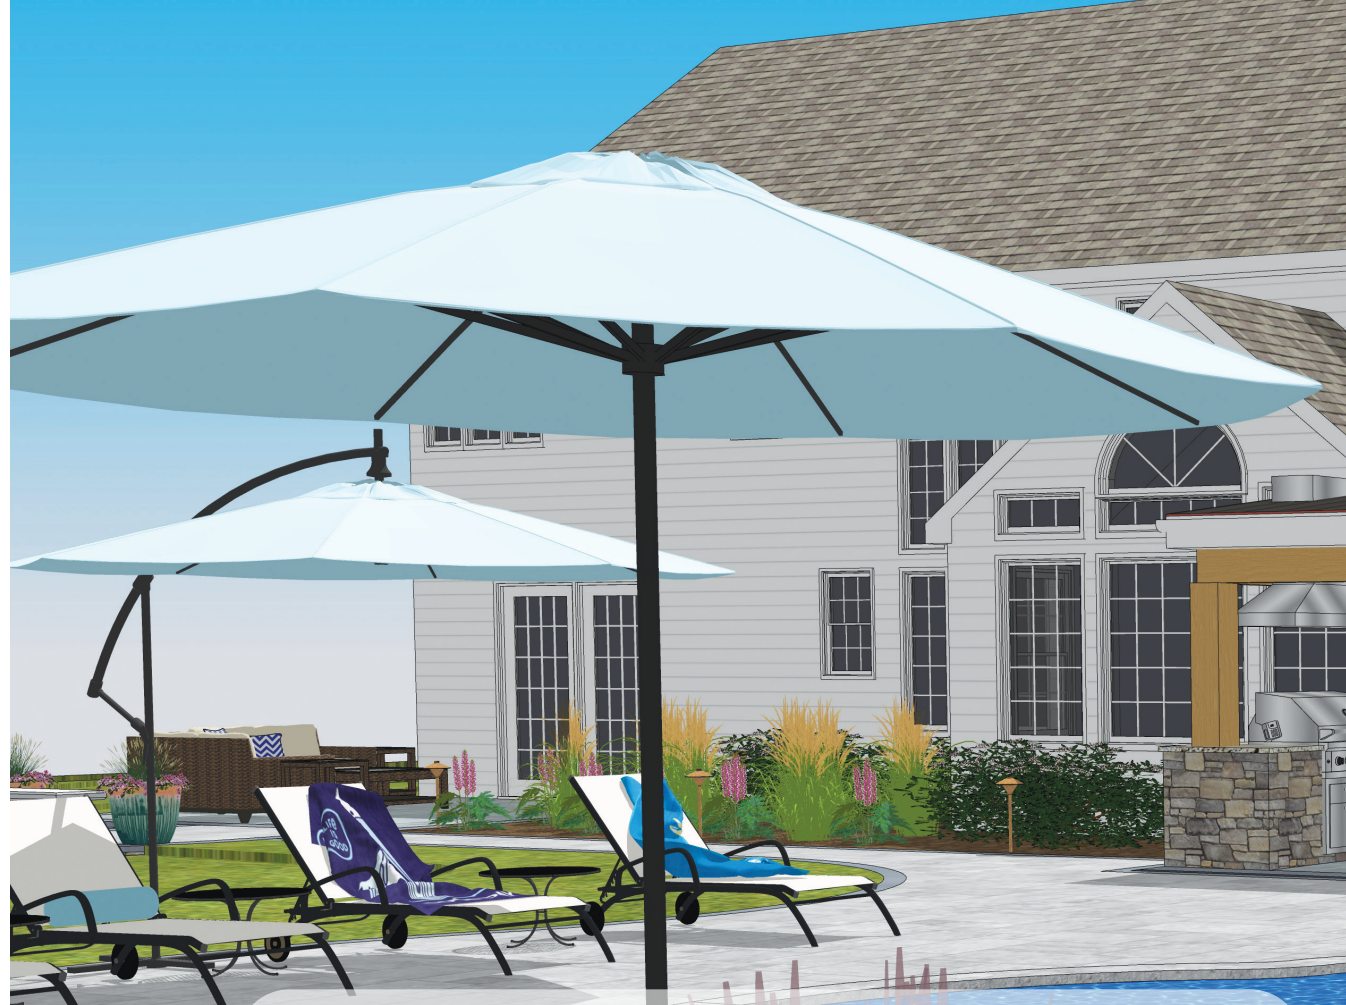

Scan to see my project.

Scan to see my project.

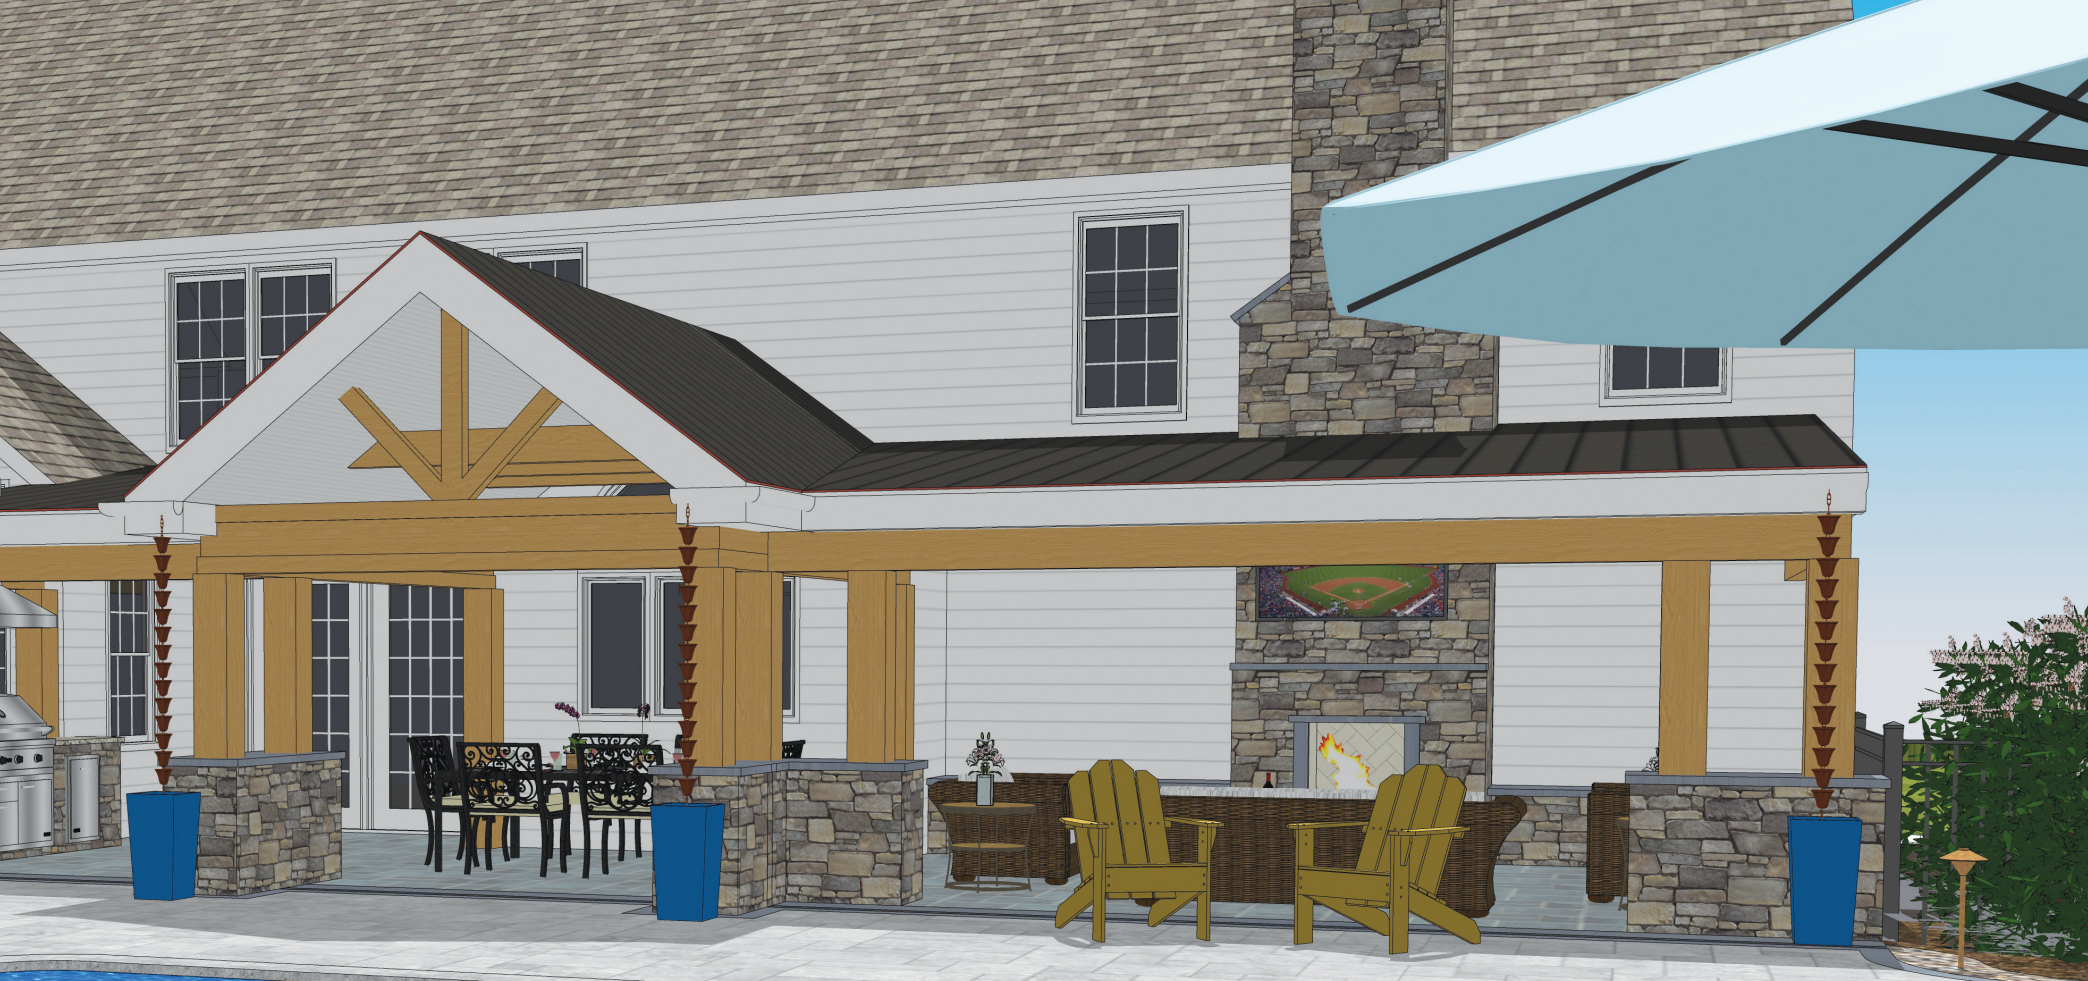

Seeing the 3-D model got me really excited. The end production is exactly what they showed us, and even more.

—JOE S.

BEFORE

AFTER

The 3-D model was helpful because my wife had a harder time visualizing the design, but once she saw the model, she was able to contribute ideas to the design process.

—JIM K.

Scan to see my project.

HAVE YOU HEARD?

WHAT CLIENTS SAY ABOUT GASPER CREWS

The crew was unbelievably good. Not only did they do their work, but they clearly enjoyed their work. They were true craftsmen and that is often the difference between coming back for repeat business or not.

—KEN S.

Scan to see my project.

The foreman was constantly asking 'Do you like it?' Everyone was always interested in keeping us happy. Gasper genuinely wants to make sure their customers are happy.

—DON W.

Scan to see my project.

They were respectful that this is my home and that we lived here ... that it wasn't just a construction site.

—DANA M.

Scan to see my project.

A quick note on your amazing crew: We want to mention how extremely happy we were with the guys who labored so hard. They were always on time, so respectful and incredibly professional. We were so pleased.

—NICK AND POONEH M.

HAVE **YOU** **HEARD?**

WHAT CLIENTS SAY ABOUT THE GASPER CONSTRUCTION PROCESS

Scan to see my project.

One of the things we like about working with Gasper is that we always received notifications and good communication about scheduling. You don't want surprises when working with a contractor. Gasper was upfront about their scheduling. And once they started, they were here every day until they finished. This has not been our experience with other contractors.

—JUDY F.

One thing that really struck me was that Erik told us 'We will not start the job until we have all the pieces.' And he was true to his word. What this means is that once they started our project, they were able to work continuously on our job. I would say that over the two months that it took to construct our project, the crews were only off site on one day, and that was because of torrential rain.

—JOHN S.

Scan to see my project.

As an owner of a company, I recognize the quality of workmanship and quality employees, and I was very impressed that the Gasper crews stayed on the job the entire time. There were no times where they pulled off the job. Everyone from the Gasper team was incredibly polite and respectful. They went out of their way to make sure I was satisfied. I am a very picky person, and I could not find anything wrong with Gasper's work."

—GREG S.

Scan to see my project.

Another thing that I really appreciated was that they were neat. I usually have to clean up after contractors to make sure the dog doesn't get into anything, but they did a great job of cleaning up every night. There was no trash.

—ROBBIE B.

Scan to see my project.

HAVE YOU HEARD?
WHAT CLIENTS SAY ABOUT GASPER BEING A ONE STOP SHOP

Scan to see my project.

It was good that Gasper is a big company. It was all-in-one. They do the design and the construction, and they also do the design for the furniture.

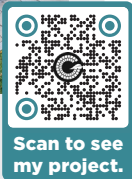

—CHERYL Y.

The biggest reason we went with Gasper is because Gasper could do all the work in-house. The other companies had to sub-contract the work to others. It made sense to go with someone who could do it all, put it all together and manage their time well.

—JULIE C.

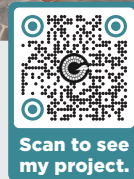

This is my project. Scan code to see more.

Scan to see my project.

I really appreciated that it was one-stop shopping ... the design ... the 3D model ... the construction and then the furniture. The team at Gasper made it so much easier by taking the burden off of us.

—JONATHAN B.

Scan to see my project.

No other company could do it all.

—KEN S.

Scan to see my project.

Everything is through Gasper. Everything was under our sales designer, Erik. We did not want any disconnect through that process. The other companies were either a landscaper or hardscaper and we would have had to contract out for the carpentry.

—STEPHANIE C.

HAVE **YOU** **HEARD?**

**WHAT CLIENTS SAY
ABOUT THE
QUALITY
& VALUE
OF GASPER PROJECTS**

At the end of the day the quality of the work is for me what is most important. Obviously you want it to be fairly priced, which it was. The quality has been fantastic, and we have been very pleased.

—KEITH G.

This is my project. Scan code to see more.

Having our backyard has meant the world to me. It's a haven, and a place for gatherings, and still oh so very lovely. I spend a lot of time there. I wanted you to know how your work affected my life just in case nobody tells you that. It was the best money we ever spent.

—CAROLINE M.

HAVE YOU HEARD?
WHAT CLIENTS SAY ABOUT THE QUALITY & VALUE OF GASPER PROJECTS

I wasn't looking for the cheapest, I was looking to build it right. With Gasper I felt comfortable enough not to get any additional quotes.

—JIM K.

The new project enhanced our property and not just in increasing the value of the house, but it makes me feel that it is almost out of a fairy tale ... It is just what we envisioned.

—SARAH B.

Their workmanship shows, when you know where to look, you can experience the finer details.

—DON W.

If you want it done right, and the quality, as with everything, you need to pay a little more. Gasper was not the cheapest, but I never had to worry. I have heard horror stories about working with contractors; working with Gasper was NOT a horror story.

—CHAD C.

HAVE **YOU** **HEARD?**
WHAT CLIENTS SAY
ABOUT WHY THEY
CHOOSE
GASPER

Hiring a company like Gasper was the absolute best decision we could have made for the simple fact that they were there to support us throughout every decision and not to mention, bring their absolutely, skilled and extremely helpful employees to our backyard. I mean, these guys were kind of an extension of our family throughout the time they were here, which was great.

—ADAM M.

This is my project.
Scan code to see more.

HAVE YOU HEARD?
WHAT CLIENTS SAY ABOUT WHY THEY CHOOSE GASPER

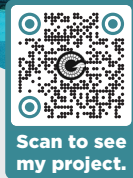

When you do something, you want to do it right. So, we ultimately spent the time and found the right partner with Gasper, and it turned out great.

—KEITH G.

It is important to stress the word *professional* — working with Gasper was a true professional experience.

—JONATHAN B.

Gasper is a trusted partner.

—JOHN F.

It was nice to deal with a company we had confidence in. I didn't feel stressed at all when construction started. We didn't even interview any other companies. We wanted to deal with a company with a good reputation, and that was Gasper.

—LISA M.

This is my project. Scan code to see more.

Thanks again to the entire Gasper team for creating an incredible patio that has truly transformed our outdoor living space. We were truly impressed with Gasper's entire team from beginning to end. Please thank the many others behind the scenes that helped the process go so smoothly including the folks ordering the materials, crew schedulers, and truck loaders. We recognize that it must take a dedicated back-staff to ensure the crews are running efficiently, and the entire process has demonstrated Gasper must have one heck of a team behind the scenes to pull-off so many projects simultaneously.

The Korda Collection by Castelle

Indulge in the decadent luxury of the handcrafted Korda Cushioned seating collection. An ode to the freedom and relaxation of sailing, the Chippendale-inspired design features a decorative hand-painted topper that simulates authentic nautical rope (topper detail image). Its thick cushions and generous-size seat deliver plush outdoor comfort for all seasons. The 100% aluminum frame features a rich powder coated finish.

The Bogota Collection by Ratana

The sophisticated Bogota collection was inspired by the cobbled stone streets of the historic city of Bogota. The luxurious thick interwoven Durastrap™ and tapered legs speak to unparalleled attention to detail in design and construction. The interwoven Durastrap™ is made of weather resistant polyolefin material wrapped around a foam insert for maximum comfort. The frame is crafted with a durable powder coated aluminum frame.

All three collections are available for immediate purchase and delivery while supplies last; and by custom order thereafter.

9 Reasons why Bucks County Hardscape & Building Supply is different.

Bulk Landscape Materials

We offer bulk stone, mulch and screened topsoil as well as dumping services for concrete, brush and wood chips and top and waste soils.

Expertise & Professional Advice

Whether you need professional expertise, valuable insight for your latest project, help with measurements, estimating services or advice on the best product or tool to use.

Hardscape Products

We are proud to be an authorized dealer to two of the top-quality paver manufacturers in the country, Cambridge and Unilock. We also offer many stone products such as Belgian block, wall stone (both natural and manufactured) and boulders of varying sizes.

Professional Grade Tools

We know that using the right tools for the job produces the best results which is why we can recommend and offer a wide variety of top quality, professional grade, masonry tools, including hard-to-find specialty tools.

Low-voltage Lighting Supply

Complete your low voltage lighting project or repair with all our in stock essentials such as 10/2, 12/2 or 16/2 low voltage wire, connectors, nuts and landscape staples. We also carry many popular replacement bulbs in both LED and halogen options. In addition to our in stock fixtures, we can custom order you anything from the Kichler, Alliance or CAST line of landscape lighting.

& Building Supply Store

Masonry Products

We carry a variety of construction block, brick, cement and cement additives, aggregate, sand and accessories to fill your most basic masonry needs. We also offer fireplace and fire pit construction supplies.

Landscape Tools & Plant Materials

Install a professional grade landscape project with all the tools and supplies you need to get the job done right. Bucks County Hardscape & Building is also a large wholesaler of top-quality plant materials.

Drainage & Irrigation

One of the most important aspects of any landscape project is drainage & irrigation which is why we stock all the basic drainage and irrigation pipes and fittings needed for you to complete your project right, from French drains to storm water management, to drip irrigation or spray heads.

Delivery & Loading Assistance

Did you know we offer affordable and convenient delivery for all of our retail customers and wholesale contractors in the Tri-State area? Speak with one of our specialists about your project specifics, and they will be happy to quote a price and time frame.
